Name of the Student : 
Dept : Computer Science and Automation
Degree Registered : M.Sc./Ph.D

2nd year
3rd year
4th year
5th year

PART `A` (to be filled in by Student)

1. Status of thesis proposal/progress : (Purpose of this section is to bring out clearly whether the student is clear about the work he/she is planning to do (give Chapter headings, if possible) and to indicate to what extent the work has been completed (approximate percentage, if possible). Indicate how much more time is required to complete the thesis work and submit.

2. R.T.P. (List the courses, reading assignment and anything else identified as RTP. What part of RTP is completed, indicate performance in RTP).

3. Progress made during the period (Briefly indicate the main aspects of the work completed and publications/conference presentations)

4. Difficulty/problems if any

5. Signature of the Student

P.T.O
PART `B` (to be filled in by Research Supervisor/s)

1. Supervisor`s Comments (indicate whether the student is meeting you regularly and having discussions, how is he shaping, any difficulty in carrying out the work, when is he likely to submit the thesis. How is the interaction between guides in the case of external registration and SR programme)

2. Specific recommendation

Date: ____________________ Signature of the Supervisor

PART `C` (to be filled by Chairman of the Department)

1. D.C.C. opinion, if applicable (only in the case of students identified by the comprehensive boards for close monitoring)

2. Chairman`s comments, if any

3. Specific Recommendation

Date: ____________________ Signature of the Chairman
